## Graduating Senior Continuing Education Scholarship Application

### APPLICATION RATING FORM – STAGE 2

The three candidates selected as finalists shall be invited to participate in a personal interview. Since the final choice shall be made in part upon the results of this interview, each applicant shall be informed that to refuse to participate in the interview process shall mean almost certainly that his/her candidacy shall fail.

1. The interviews shall be conducted to the committee as a group, on an informal basis. The applicants shall be interviewed in a randomly (draw straws) assigned sequence. The committee shall attempt to interview each applicant equally and yet recognizing the unique ideas and needs of each student the committee may vary in its approach.
2. Following the interviews, the committee may share ideas and evaluations/comments. The committee shall then once again rate the applicants.
  - A. Each committee member shall rate each applicant using a 0 to 25 point system. The member should consider the entire application process in making his rating of each candidate.
  - B. The committee chairman shall have the ratings tabulated, and the person receiving the highest point total shall be the winner of the award. In the event of a tie for first place, a vote of hands by all committee members shall then be taken between the tying applicants.
